Why study with EDT?

Our NPQLTD has been developed by a team of in-house experts in collaboration with a national network of schools. We also work in partnership with Sheffield Hallam University's Institute of Education, and Evidence Based Education, ensuring our NPQs are infused with expertise and rooted in evidence.

95%

of teachers who completed an NPQ with us said they were **'satisfied'** or **'very satisfied'** with the course

From Cohort 2 Specialist End of Programme Survey

Our NPQs are...

- » Built for a teacher's timetable – designed to slot into your existing schedule, with a focus on accessible, bite-size online learning. Our national network of Delivery Partners ensure that you are never too far from a group that will suit your needs, led by local experts who provide training and one-to-one support.
- » Designed for immediate impact – put into practice what you learn with regular practical tasks. Apply new skills and try out new ideas in your own setting, based on the knowledge you gain each week.
- » *Free for state-funded schools – most participants are eligible for DfE scholarship funding and schools/organisations may also get targeted support. Self-funded and school funded options are also available. Eligibility is determined at DfE registration stage and no separate application is needed.
